- c) To adopt EIA Notification dated September 14, 2006 of MoEF&CC and subsequent amendments for preparation of EIA-EMP.
- d) To carry out aquatic ecological assessment studies.
- e) To carry out other specialized studies like carbon sequestration, carbon stocks, etc.

3.2 Scope of work (Specific)

- I. Prior to the receipt of work order for preparation of EIA/EMP or other EB studies:
 - a. Understanding of the overall project configuration with special reference to EB.
 - b. Visiting the site with the EIA Coordinator (EC) / other Functional Area Experts (FAEs).
- II. On receipt of the work order for preparation of EIA/EMP or other EB studies:
 - a. Review and understanding the project from Pre-feasibility report (PFR)/ Feasibility report (FR)/Project Report.
 - b. Interacting with the EC and other FAEs to get a holistic view of the EIA.
 - c. Focused efforts on EB to identify the gaps and subsequently work towards addressing with other team members.
 - d. Visiting sites and assisting the ECs in the selection of sampling locations and deciding the type of samples in biodiversity.
 - e. Visiting the site periodically to ensure the quality and validity of baseline data.
 - f. Direct involvement of FAE (EB) in the development of methodologies/formats to be adopted for the collection of baseline data or validation of secondary data.
 - g. Analyzing and interpreting the baseline data collected, identifying and assessing potential impacts arising due to various project activities, products and services during different stages of the project.
 - h. Ensuring all potential impacts, including those under abnormal/accidental conditions for various stages of the project, are addressed with quantification, where applicable.
 - i. Developing the EMP and post project-monitoring plan and their associated costs in consultation with the EC.
 - j. Ensuring compliance to all TOR issued by MoEF&CC / SEIAA pertaining to EB.
 - k. Discussing, developing and submitting the functional area (EB) report with supporting tables, figures and photographs to the EC.
 - l. Addressing the issues raised during the public hearing in the specific functional area (EB) report.
 - m. Attending the review meeting to finalize the draft EIA report pertaining to EB.
 - n. Preparation of Conservation plans as per the requirement of Environment Protection Act, 1986 if applicable.
 - o. Collection of water samples, analysis using microscope for phytoplanktons, zooplanktons, macrophytes etc. and reporting for aquatic ecological assessment studies.
 - p. Capacity building of fellow EB experts to get acquainted with the knowledge required for accreditation of QCI-NABET.
 - q. Any other work as assigned by GM/HoD (Environment).

4. Eligibility Criteria

4.1 The general eligibility criteria in this case is as below. **These are mandatory requirements.**

Any applicant who does not meet the criteria will not be shortlisted.

- The applicant must not be more than 65 years of age on the date of publishing of advertisement w.r.t this engagement.
- The applicant must be a citizen of India

4.2 Educational Qualifications

The applicant must have a Master's degree specific to functional area of Ecology & Biodiversity (EB) as stipulated by QCI – NABET as listed below:

Master's (postgraduate) degree in Life sciences like:

- Zoology,
- Botany,
- Forestry,
- Environmental Science,
- Ecology,
- Natural Resource Management,
- Ecology & Environment,
- Ecology & Biodiversity,
- Geography

Note:

- The educational qualification stipulated under Cl. 4.2 is a mandatory requirement. Any applicant who does not have the aforesaid educational qualifications will not be shortlisted.**
- For shortlisting as Functional Area Expert (FAE) in Ecology & Biodiversity (EB) [Specialization in Botany], Master's degree in Botany will be an added advantage.
- For shortlisting as Functional Area Expert (FAE) in Ecology & Biodiversity (EB) [Specialization in Zoology], Master's degree in Zoology will be an added advantage.
- The Educational Qualifications must be from a University/Institute recognized by appropriate statutory authority in India. In case of any dispute arising about admissibility of any particular qualification, the decision of the CMPDIL Management shall be final and binding.
- Ph.D. in relevant discipline will be an added advantage.

4.3 Trainings

If the applicant has successfully completed training(s) on Ecosystem analysis and evaluation, landscape ecology, assessment of impacts on ecological and biodiversity impact assessment on ecology / biodiversity from development projects in all sectors, it would be an added advantage.

4.4 Experience

4.4.1 The applicant must have minimum 5 years' overall experience in the field of EB, of which at least 3 years should be EIA related (as per the definition mentioned in EIA Consultant Scheme Version 3 issued by QCI-NABET) – **This is a mandatory requirement. Any applicant who does not have the aforesaid minimum experience will not be shortlisted.**

4.4.2 The experience, specific to functional area, Ecology & Biodiversity (EB) should include:

- Understanding of the EIA process, legislations and rules/regulations, understanding of policies and guidelines related to ecology & biodiversity.
- Adequate knowledge of the application of taxonomy in preparing resource inventory (flora and fauna) of the study area,
- Conducting ecological/wildlife surveys and preparation of status reports for rare, endangered and threatened species of flora & fauna and estimating bio-diversity indices.
- The capability of identifying and assessing the potential impacts of the project, throughout its life-cycle, on the physical, biotic and social environment, as applicable.
- The knowledge to suggest/vet mitigation measures.
- Specialized training in the field of impact assessment and contribution to EIA documentation will be an added advantage.
- Adequate Knowledge of preparation of conservation plan for flora and fauna.
- Any experience in coal mining project / coal washery.

4.5 Previous Accreditation with QCI as FAE (EB)

In case of applicants having previous accreditation with QCI as FAE (EB), either in Category A or B projects, it would be an added advantage.

5. Selection procedure

5.1 Screening phase:

- Applications meeting the mandatory selection criteria as described under section 4 will be shortlisted and scored against the educational qualifications, work experience specific to the functional area (Ecology & Biodiversity (EB)), specialized trainings and previous accreditation with QCI.
- The applicants would be shortlisted for personal interview (in the order of their ranking on the basis of marks obtained in the screening phase).
- Maximum five (05) applicants each [i.e. upto 5 candidates with specialization in zoology & upto 5 candidates with specialization in botany] will be shortlisted for personal interview in the order of the marks obtained in Screening phase. However, in case of tie in scores, all applicants having the said tied-score will be called for the personal appearance / interview; provided that no applicant having score lower than the score of the 5th shortlisted applicant
